ITALIANA

SPRING SUMMER 2025

Italian landscapes inspired us in this summer collection full of details.

From the countryside and its colors come seasonal embroideries that can transport us to the garden, with baskets full of vegetables freshly picked.

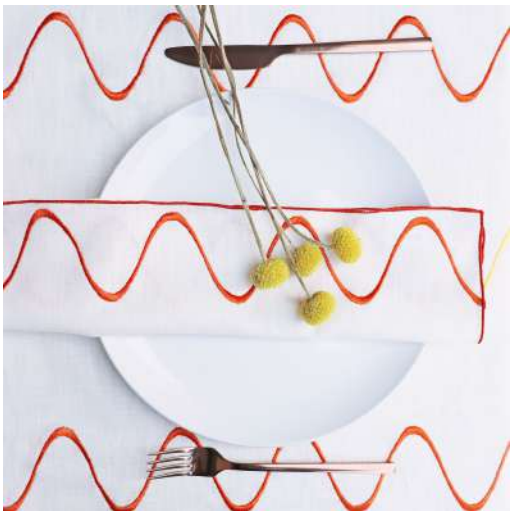

A red and white checked tablecloth and it is immediately a perfect spring lunch.

The season advances and the cactus bloom, little colorful islands inland as well.

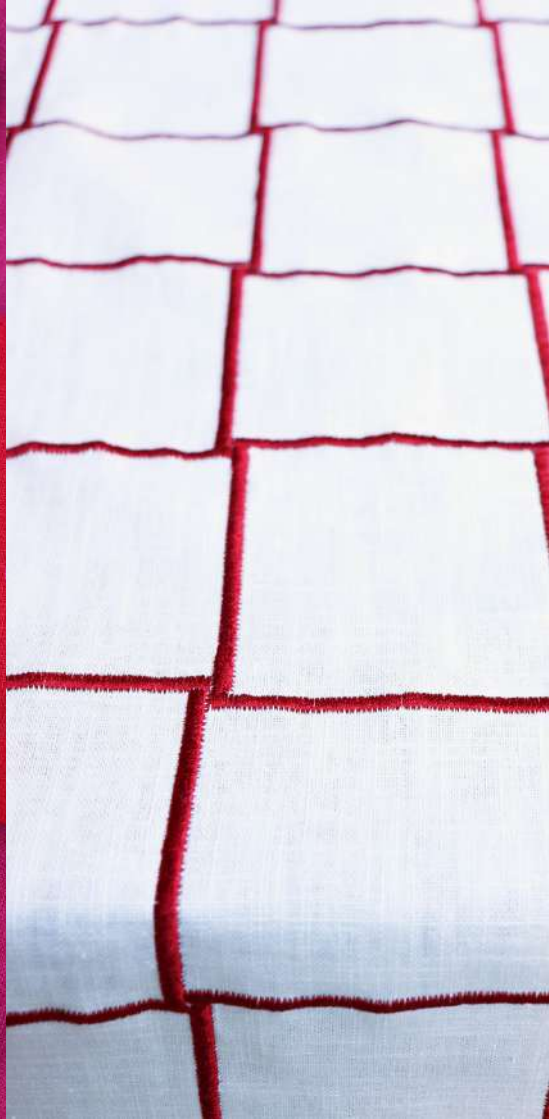

On the sea the colors vibrate, the waves crash: Italian summer is served.
